

# PMDS PARTSCHECK.COM.AU USER GUIDE

(Module Code: PMDS-PCHCK)

Auto-I.T. Pty Ltd the • power • to • grow 56 French Street, Kogarah, NSW. Australia 2217 Ph: 02 8566 3000 Fax: 029588-9510 <u>http://www.auto-it.com.au/</u> info@auto-it.com.au/

## **General Overview**

PartsCheck is designed to streamline the parts estimating and ordering process between Repairers and Suppliers.

Please contact PartsCheck <u>www.partscheck.com.au</u> for more information regarding the PartsCheck product

PMDS provides a facility to quickly and easily export a parts quote from within PMDS to the local PC thus allowing it to be uploaded into the PartsCheck portal for further processing, ensuring accurate sale values and part number details from the DMS.

## **Getting Started**

### **Module Licence Activation**

To enable this module, the PMDS license 'PMDS-PCHCK' must be enabled by Auto-IT. Please speak to your Auto-IT Account Manager for pricing details and license activation of this module.

### PC Folder Setup

Before using the Parts Check module for PMDS you must create the 'Partscheck' folder within the 'PMDS' folder. If the 'PMDS' folder does not exits it will have to be created also.

If you are unsure how to create the PC folders, please seek assistance from your System Administrator.

# Front & Back Counter Sales (F.270)

A new command '/PC' will now be available within the Parts Front & Back counter screen to enable the instant export of a PMDS quote to the PC in order to upload into the PartsCheck portal.

The export file is in the preferred PartsCheck file format. For more information regarding the upload format and included fields please refer to the Appendix section of this document.

The '/PC' command will only be available for Parts Quotes and can be issued immediately after converting an enquiry to a quote via the '/Q' command.

The file created on the PC will have the following naming convention;

#### yyyymmdd-<quote\_number>-<customer\_name>.txt, where

yyyy is the 4 digits year; mm is the 2 digits month; and, dd is the 2 digit day.

For quick reference both the PMDS quote number and Customer name are included within the file name.

An example is shown below;

Note: If this error occurs then either the PMDS folder, or PartsCheck subfolder has not yet been created on the PC.

	Invalid file name.
0	Name: c:\pmds\PartsCheck\20110314-130591-CaldwellsAutobodyRepairs .txt
